Art, Craft and Design

WEEK 3 & 4:

Assessment Objective 1: Contextual Understanding - Develop ideas through investigations, demonstrating critical understanding of sources.

Frida Kahlo

Mexican artist Frida Kahlo is remembered for her self-portraits, pain and passion, and bold, vibrant colours. She is celebrated in Mexico for her attention to Mexican and indigenous culture and by feminists for her depiction of the female experience and form.

Kahlo, who suffered from polio as a child, nearly died in a bus accident as a teenager. She suffered multiple fractures of her spine, collarbone and ribs, a shattered pelvis, broken foot and a dislocated shoulder. She began to focus heavily on painting while recovering in a body cast. In her lifetime, she had 30 operations.

Life experience is a common theme in Kahlo's approximately 200 paintings, sketches and drawings. Her physical and emotional pain are depicted starkly on canvases, as is her turbulent relationship with her husband, fellow artist Diego Rivera, who she married twice. Of her 143 paintings, 55 are self-portraits.

WEEK 7 & 8:

Assessment Objective 1: Contextual Understanding - Develop ideas through investigations, demonstrating critical understanding of sources.

Yasumasa Morimura

Yasumasa Morimura (born 1951, Osaka, Japan) has been working as a conceptual photographer and filmmaker for more than three decades. Through extensive use of props, costumes, makeup, and digital manipulation, the artist masterfully transforms himself into recognizable subjects, often from the Western cultural canon. Morimura has

based works on seminal paintings by Frida Kahlo, Vincent Van Gogh, and Diego Velázquez, as well as images culled from historical materials, mass media, and popular culture. The artist's reinvention of iconic photographs and art historical masterpieces challenges the associations the viewer has with the subjects, while also commenting on Japan's complex absorption of Western culture. Through his depiction of female stars and characters, Morimura subverts the concept of the "male gaze"; within each image he both challenges the authority of identity and overturns the traditional scope of self-portraiture.

The Two Fridas, 1939 by Frida Kahlo

This painting was completed shortly after her divorce with Diego Rivera. This portrait shows Frida's two different personalities. One is the traditional Frida in Tehuana costume, with a broken heart, sitting next to an independent, modern dressed Frida. In Frida's diary, she wrote about this painting and said it originated from her memory of an imaginary childhood friend. Later she admitted it expressed her desperation and loneliness with the separation from Diego.

In this painting, the two Fridas are holding hands. They both have visible hearts and the heart of the traditional Frida is cut and torn open. The main artery, which comes from the torn heart down to the right hand of the traditional Frida, is cut off by the surgical pincers held in the lap of the traditional Frida. The blood keeps dripping on her white dress and she is in danger of bleeding to death. The stormy sky filled with agitated clouds may reflect Frida's inner turmoil.

Why do you think the artist used the materials she did?

Think about the composition (layout) of the piece of work. What is the focal point?

How has the piece of work been produced?

What is the meaning behind the piece of work?

STEP 2: CREATE CUES

What: Reduce your notes to just the essentials.

What: Immediately after class, discussion, or reading session.

How:

- Jot down key ideas, important words and phrases
- Create questions that might appear on an exam
- Reducing your notes to the most important ideas and concepts improves recall. Creating questions that may appear on an exam gets you thinking about how the information might be applied and improves your performance on the exam.

Why: Spend at least ten minutes every week reviewing all of your previous notes. Reflect on the material and ask yourself questions based on what you've recorded in the Cue area. Cover the note-taking area with a piece of paper. Can you answer them?

STEP 1: RECORD YOUR NOTES

What: Record all keywords, ideas, important dates, people, places, diagrams and formulas from the lesson. Create a new page for each topic discussed.

When: During class lecture, discussion, or reading session.

How:

- Use bullet points, abbreviated phrases, and pictures
- Avoid full sentences and paragraphs
- Leave space between points to add more information later

Why: Important ideas must be recorded in a way that is meaningful to you.

STEP 3: SUMMARISE & REVIEW

What: Summarise the main ideas from the lesson.

What: At the end of the class lecture, discussion, or reading session.

How: In complete sentences, write down the conclusions that can be made from the information in your notes.

Why: Summarising the information after it's learned improves long-term retention.

Evaluation

An evaluation is a chance to show the examiner your thoughts and creative processes discovered during the projects.

You need to write what research you have undertaken, about your creative experimentations and the development of your designs towards a final piece. On the way, discuss the artists you have researched and any problems you had. Finally you write an opinion of your work and how you could improve if you had more time/were to investigate the topic again.

Below is a writing frame to help you; use the bullet points to structure an evaluation answering all the assessment objectives.
