# Art, Craft and Design

## WEEK 2 & 3:

**Assessment Objective 1: Contextual Understanding** - Develop ideas through investigations, demonstrating critical understanding of sources.

### Yasumasa Morimura

Yasumasa Morimura (born 1951, Osaka, Japan) has been working as a conceptual photographer and filmmaker for more than three decades. Through extensive use of props, costumes, makeup, and digital manipulation, the artist masterfully transforms himself into recognizable subjects, often from the Western cultural canon. Morimura has based works on seminal paintings by Frida Kahlo, Vincent Van Gogh, and Diego Velázquez, as well as images culled from historical materials, mass media, and popular culture. The artist's reinvention of iconic photographs and art historical masterpieces challenges the associations the viewer has with the subjects, while also commenting on

Japan's complex absorption of Western culture. Through his depiction of female stars and characters, Morimura subverts the concept of the "male gaze"; within each image he both challenges the authority of identity and overturns the traditional scope of self-portraiture.

## STEP 2: CREATE CUES

**What:** Reduce your notes to just the essentials.

**What:** Immediately after class, discussion, or reading session.

**How:**

- Jot down key ideas, important words and phrases
- Create questions that might appear on an exam
- Reducing your notes to the most important ideas and concepts improves recall. Creating questions that may appear on an exam gets you thinking about how the information might be applied and improves your performance on the exam.

**Why:** Spend at least ten minutes every week reviewing all of your previous notes. Reflect on the material and ask yourself questions based on what you've recorded in the Cue area. Cover the note-taking area with a piece of paper. Can you answer them?

## STEP 1: RECORD YOUR NOTES

**What:** Record all keywords, ideas, important dates, people, places, diagrams and formulas from the lesson. Create a new page for each topic discussed.

**When:** During class lecture, discussion, or reading session.

**How:**

- Use bullet points, abbreviated phrases, and pictures
- Avoid full sentences and paragraphs
- Leave space between points to add more information later

**Why:** Important ideas must be recorded in a way that is meaningful to you.

## STEP 3: SUMMARISE & REVIEW

**What:** Summarise the main ideas from the lesson.

**What:** At the end of the class lecture, discussion, or reading session.

**How:** In complete sentences, write down the conclusions that can be made from the information in your notes.

**Why:** Summarising the information after it's learned improves long-term retention.

An evaluation is a chance to show the examiner your thoughts and creative processes discovered during the projects.

On the way, discuss the artists you have researched and any problems you had. Finally you write an opinion of your work and how you could improve if you had more time/were to investigate the topic again.

Below is a writing frame to help you; use the bullet points to structure an evaluation answering all the assessment objectives.

Assessment Objectives	Possible sentence starters
