# STUDENT DESTINATIONS MAP

Apprenticeships	
Associate Nurse - Livewell Southwest	Neurology - University Hospitals Plymouth
Dental Nurse	Nursery Nurse
Engineering - Babcock	Teaching - Callington Community School
Healthcare - NHS	

**7%** of students secured an apprenticeship

2025

Through being at Scott College, I found my love for Biomedical Science through guest speakers and workshops. I'm so pleased I got the grades to secure my place at Plymouth University.

*Crystal, Year 13 Student*

7. **Personal training sports Qualification**
8. **Sustainability studies.**

## Ethics and Careers

Name: \_\_\_\_\_  
Tutor Group: \_\_\_\_\_

# Futures Curriculum

Date 12/9/22 Subject: Junior Doctors.

Title: This is going to hurt

1. Do you think it's right for Adam to write about the secret diaries of a Junior Doctor? Why?

Yes and no. He shouldn't be revealing people's personal issues. But for new doctors it could show them what it's really like. As long as he hides their identity.

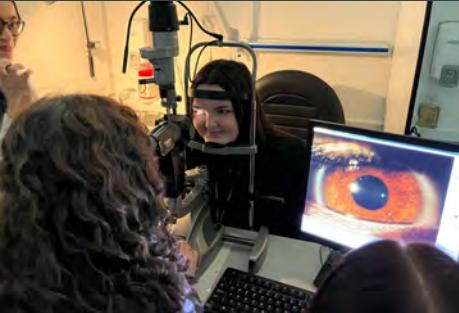

2. Do you think all junior doctors have had the same experiences as Adam? They deal with death a lot and deal with a lot of questionable situations.
