Through being at Scott College, I found my love for Biomedical Science through guest speakers and workshops. I'm so pleased I got the grades to secure my place at Plymouth University.

Crystal, SMHC

"I put my all into sixth form life, and I made lifelong friends along the way. The support of the teachers was incredible, and I worked hard every step of the way. Now I've got the best ending of all: the grades I needed to study Sociology at Bristol."

Oscar, SDCC

I am so happy to have got my place at Bedfordshire University, studying Midwifery. I am so excited for the next stage and so thankful to all the teachers who helped me find what I really wanted to do.

Libby, SMHC
