

Dear Parents / Carers,

We have made it to the end of term reasonably unscathed from Covid cases. Students have done very well adapting to being back in school and on the whole following all our procedures to keep all safe. Despite the limitations on all the additional activities we like to engage the students in, we have had some fabulous achievements this term - Felix in the Sixth Form has been given an interview at Cambridge University (fingers crossed for Felix); Kennedy has raised over £350 for community charity; 4 students are having their short stories published; and our Year 11 and 13 students have worked so very hard for their mock exams last week, including attending online revision sessions in the evenings. Please do read our news in this term's newsletter. ([click here](#))

The last day of term is Friday, 18th December 2020 at 12.20pm.

The Spring Term will commence on Tuesday, 5th January at 8.35am.

Reporting positive COVID-19 test results cases for any students after Friday 18th December 2020

The Department for Education has requested that all schools continue to support the NHS Test and Trace for contact tracing for a further six days, so please may we ask parents/carers to report positive cases up until 24th December via the College's email address:

info@sdcc.net

This is really important that this information is provided as soon as possible to the College, in order that we can inform any staff or students who are required to self-isolate as a result.

All other forms of communication, including email to staff into the College will be closed during this holiday period, other than for emergencies.

Can I take this opportunity to thank you all for your positive support this term. Please have a safe Christmas break, and look forward to seeing all students back in college after the holiday.

Yours sincerely,

Anita Frier
