Wednesday 5th June 2024

Dear Parents/Guardians,

Re: Exit programme for students

As we approach the end of the exam year, we believe it is crucial to provide our students with dedicated time for focused study and preparation for their final examinations. In order to help maximise the time in school we continue to provide booster sessions for each subject the day before the exam. It is imperative students attend these sessions. **Please see the next page for the exit programme for the next few weeks.**

We want all students to follow this timetable and be in school on the times specified. There are some slots where students have the option of studying at school or they can go home to study. Our dedicated team of teachers and support staff will continue to be available to provide remote guidance and assistance. Students can reach out to their teachers via email to seek clarification or address any concerns they may have. If students choose to remain in school for these independent study slots, they will have access to the supervised study space.

If your child chooses in these slots to work from home we kindly request your support and cooperation in ensuring that your child has a conducive learning environment at home, and not choose to waste this time out and about in the community. They are nearly finished so let's ensure that they remain focused on their work right to the final exam. We trust you to guide and motivate your child throughout this period. Your involvement and encouragement will undoubtedly have a positive impact on their academic performance.

If you have any questions or concerns, please do not hesitate to contact us. The Year 11 leavers assembly will take place on Friday 21st June 9.30am.

Kind regards,

Mr Gill

Deputy Headteacher

Anita Frier, Headteacher
