

Tuesday 16th December 2025

Dear Parent / Carers and students,

As 2025 comes to a close we would like to take this opportunity to reflect upon the amazing achievements so far by our Campus Sixth Form, and look forward to another year of outstanding success. Whether it's Year 13 putting the final preparations in place for their successful transition into life Post-18, or Year 12 laying the building blocks for their own journey the year has been a great success.

Year 13 have made an impressive job of their UCAS applications and we have already seen a number of offers coming in. 50 students, across our campus have even received offers from their choices. The range of destinations includes numerous Russell Group universities and ones which are the pinnacle for their chosen field, such as Exeter for Psychology and Plymouth for Marine Biology. Year 12 took part in an exploratory trip to UWE where they received a tour and talked about the possibilities that a degree will offer. They have also received numerous pieces of advice and guidance on possible routes such as degree apprenticeships and the world of employment.

We have had the pleasure of celebrating some great achievements. We've given out many 100% attendance award certificates, handed out Excellence Awards and commended students for their Wider Curriculum Awards and Futures Awards. Our Sixth form students have also played a great role within the college community. Each of the House's has a sixth form student as their House Leader; the Sixth Form plays a leading role in the Student Council and it was with great pride that we had the whole of the Sixth Form student body taking part in the Remembrance Day Parade.

Sixth Form students have also played a key role in the day to day success of the campus. Volunteering in subjects ranging from PE to Languages and Science. Some have even given up their time after school to help out with Sparx homework for lower school students. Our Head students, Eva and Thea, have represented the Sixth Form at many events, including the Year 6 Open Evening and interviewing many prospective new members of our staff body.

On an academic note we are confident that all of our students have a bright future ahead of them. The effort they put into independent and supervised study is exceptional. The recent mock results for Year 13 are pointing towards great success and the way Year 12 are preparing for their assessments in the New Year fills us with hope.

In spite of the amazing amount of effort that our students put in it is also vital that we switch off. Please take this time to have a break, relax and come back in 2026 ready to achieve more great things.

We wish all of you a Merry Christmas and we look forward to seeing all students return on Monday 5th January.

Yours Faithfully,

Mr M Tinkler

Head of Sixth Form

Anita Frier, Headteacher
